Another Large Shipment of Those Wanted

## Men's Two-Piece Hot Weather Suits \$14.75

ONE GOOD DEAL begets another. This is the third lot of those cool cloth suits that have been selling like the proverbial "hot cakes." A prominent manufacturer, attracted by our advertisement, attended our last week's sale of suits just to see what was going on. The crowds convinced him that we could handle another large lot.

He considered it an advantage to close out all he had at our price rather than sell them in several small lots. The result: We now have for immediate selling more of these suits than we had in the first two lots combined.

Pass the good news along to your friends. They will thank you. Don't come alone.

The ideal suit for hot weather, also for vacation and outing wear. Get one of these suits and save your high-priced suit.

They are right up-to-the-m'nute in style. Those snappy sport models, typical of the boardwalk and summer vacation days as well as suitable for bus ness when the hot days call for skeleton-lined twopiece Suits for relief.

In view of the coming holiday this sale will be largely attended, so come as early as you can. We'll appreciate it-so will our salespeople.
